

## Promotional project "Made in Ugra!"

Promotional project is being implemented by the Support Center for Ugra Export together with Entrepreneurship Support Foundation of Ugra and with support of the Government of Khanty-Mansiysk Autonomous Okrug – Ugra

Ugra is the heart of Siberia. It is a region of natural wealth, harsh climate, and expansive taiga and wetlands. It is the home of the mighty Ob and Irtysh rivers, with thousands of streams and lakes. The Khanty and Mansi peoples consider the land sacred.

Ugra is a bountiful land ready to share its riches with the whole world, and to offer its hospitality to all who wish to visit.

Thanks to Ugra's abundant resources, more than fifty different forestry companies operate in the area, with tremendous export potential. Add warmth and comfort to any home with Ugra wood products!

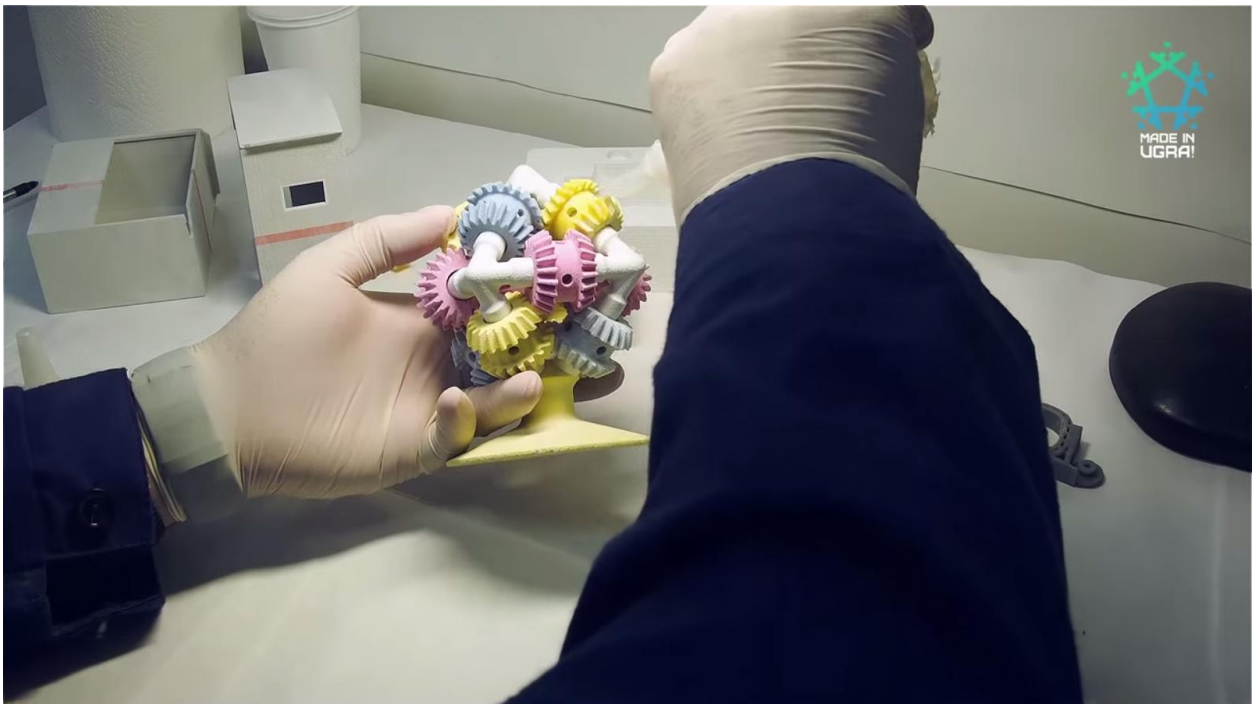

Traditional Ugra dishes made of local nuts and berries, mushrooms, freshwater fish, and game will satisfy anyone who cares to give them a try.

Visitors to Ugra will be impressed by both the urban beauty here and the native people's traditional way of life on the taiga, a land full of intriguing myths and legends.

Ugra is not only proud of its natural riches and the crafts of its native peoples, but also of the modern accomplishments of its local engineers and scientists. Innovative projects here in Yugra are paving the way to the high-tech era.

The Khanty–Mansi Autonomous Area, as Ugra is officially known, has the resources that make it possible to produce high-quality goods and offer unique opportunities. Made in Ugra, it's made from the heart!

Support Centre for Ugra Export

14 ul. Pionerskaya, Khanty-Mansiysk  
Tel: 8 (3467) 35-61-54  
<http://export-ugra.ru>  
[info@export-ugra.ru](mailto:info@export-ugra.ru)

Created as part of the government programme:  
SOCIAL AND ECONOMIC DEVELOPMENT, INVESTMENT, AND INNOVATION  
IN THE KHANTY-MANSI AUTONOMOUS OKRUG – UGRA 2014–2020

The goal of project is to promote in other regions and countries the products and services of local producers - small and medium enterprises under the brand "Made in Ugra" and recognition of this brand in foreign markets.

Additional information about this project you find at [Support Centre for Ugra Export](#).
